Lost in an ocean of faces,
suffocated by their mass,
I search for my identity.
Will I ever find myself?

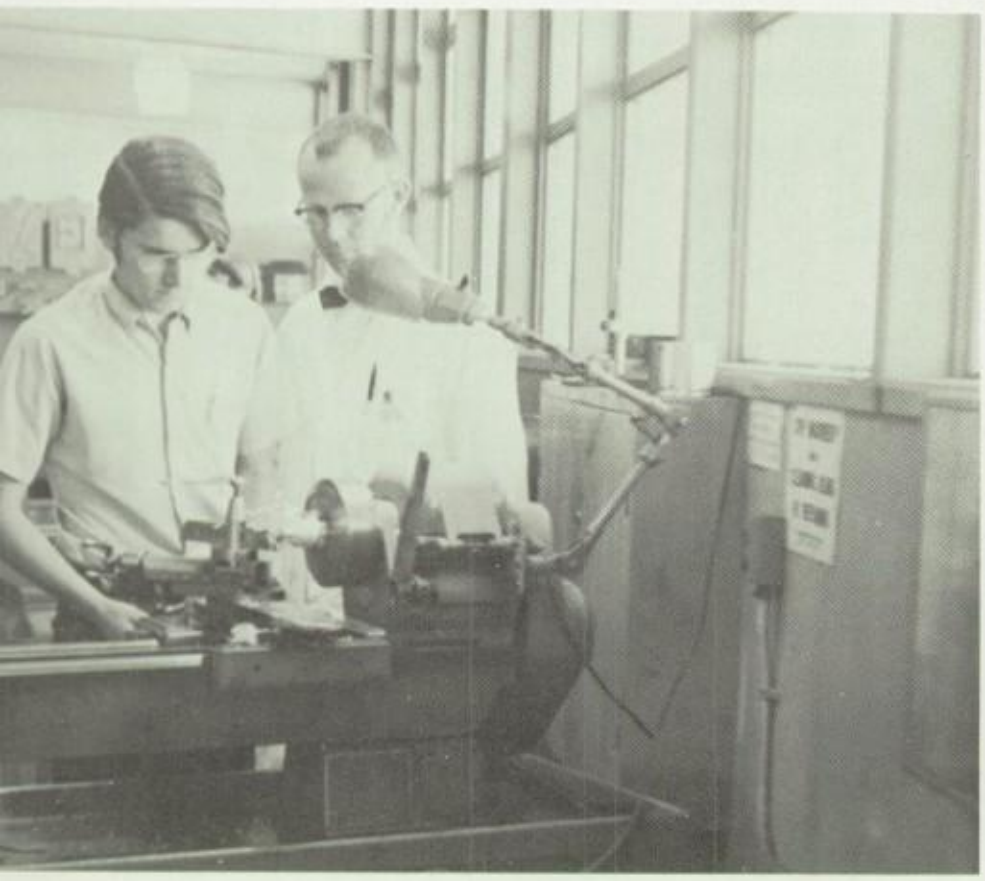
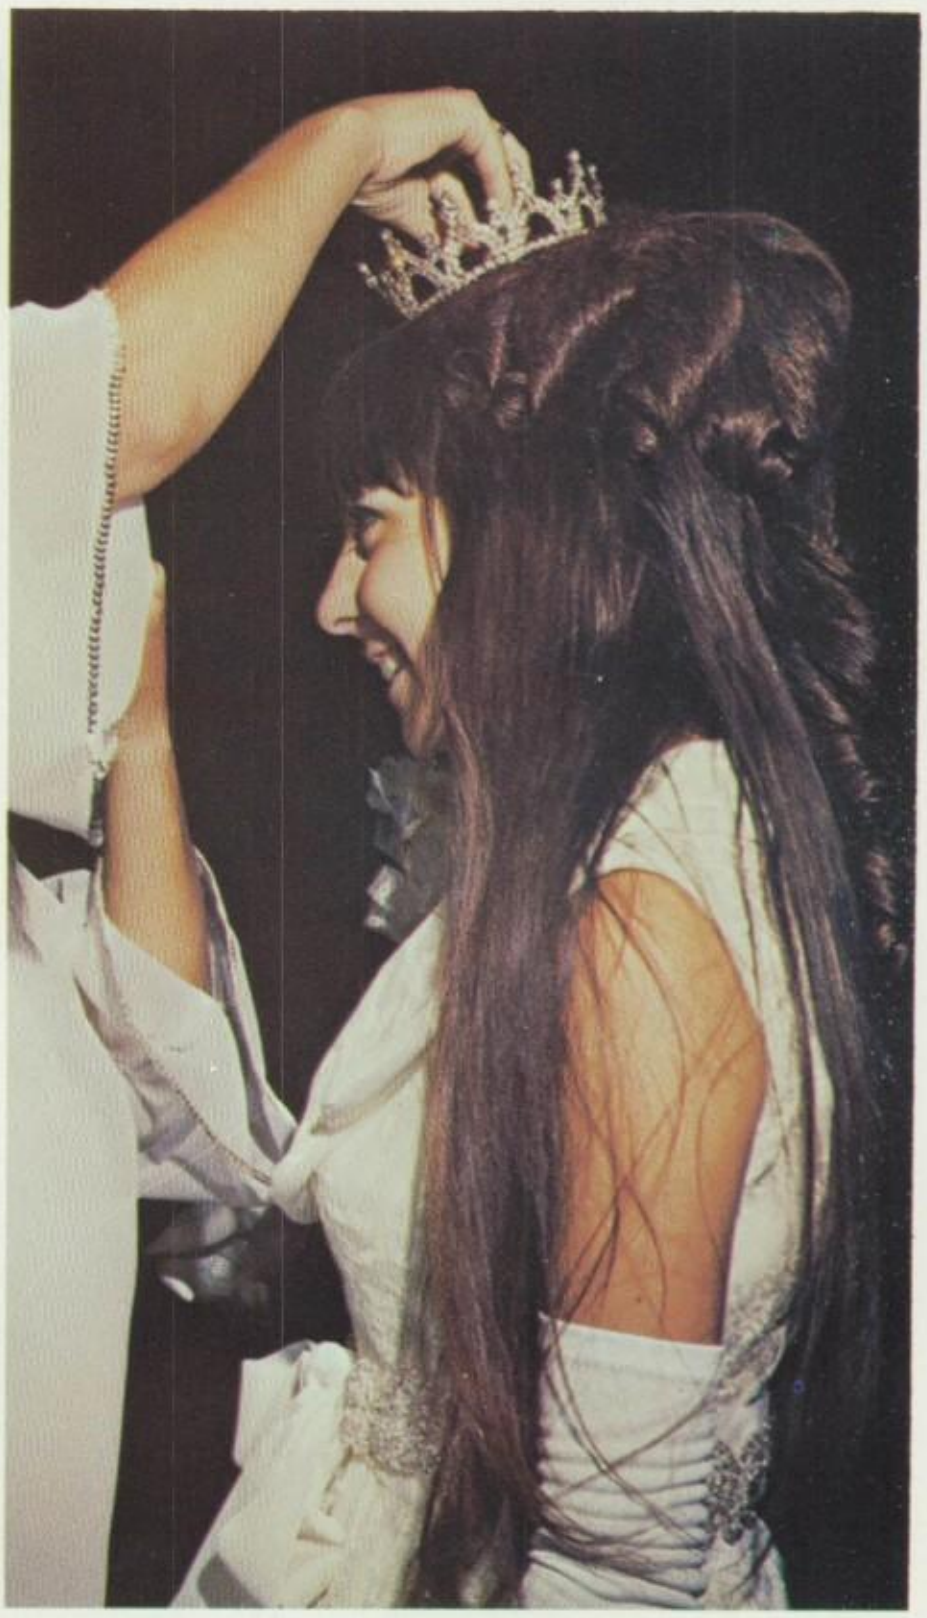
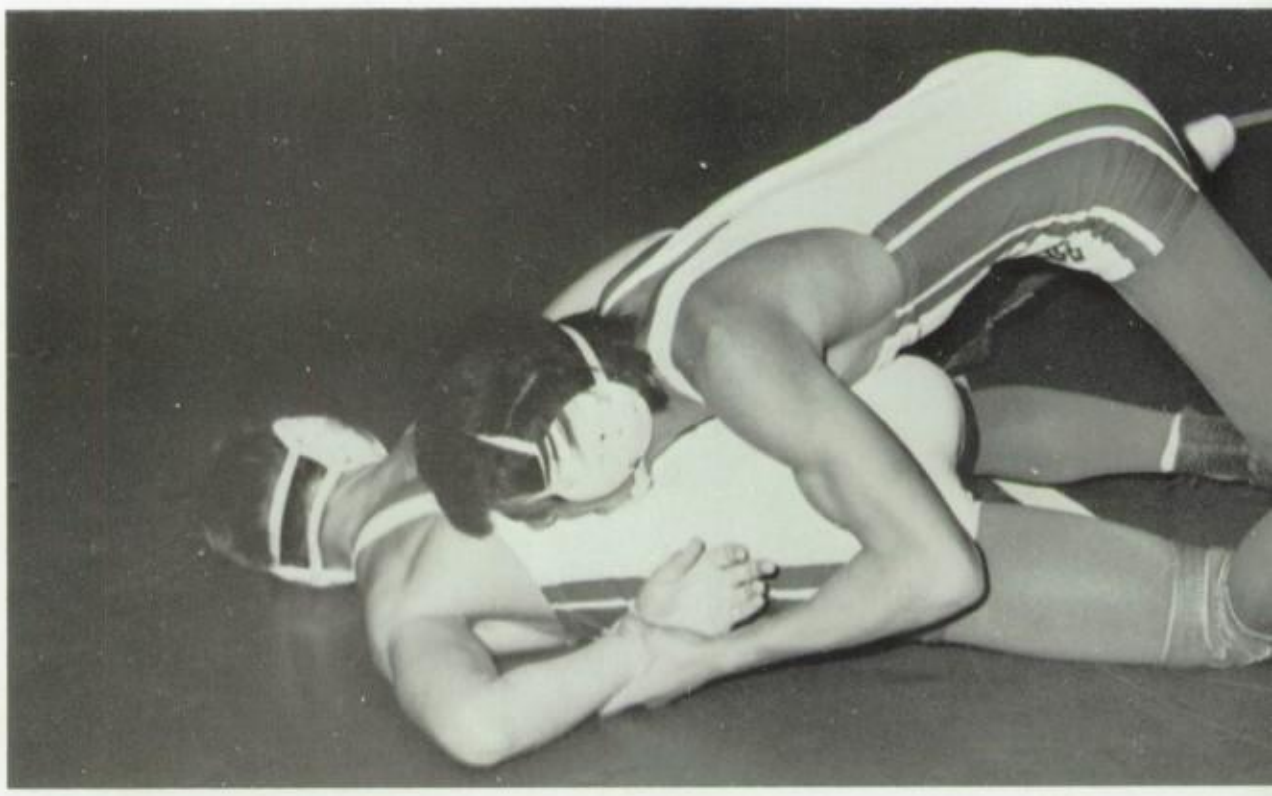
THE UNITED STATES OF AMERICA

I am my own scapegoat, striving for an ultimate fulfillment



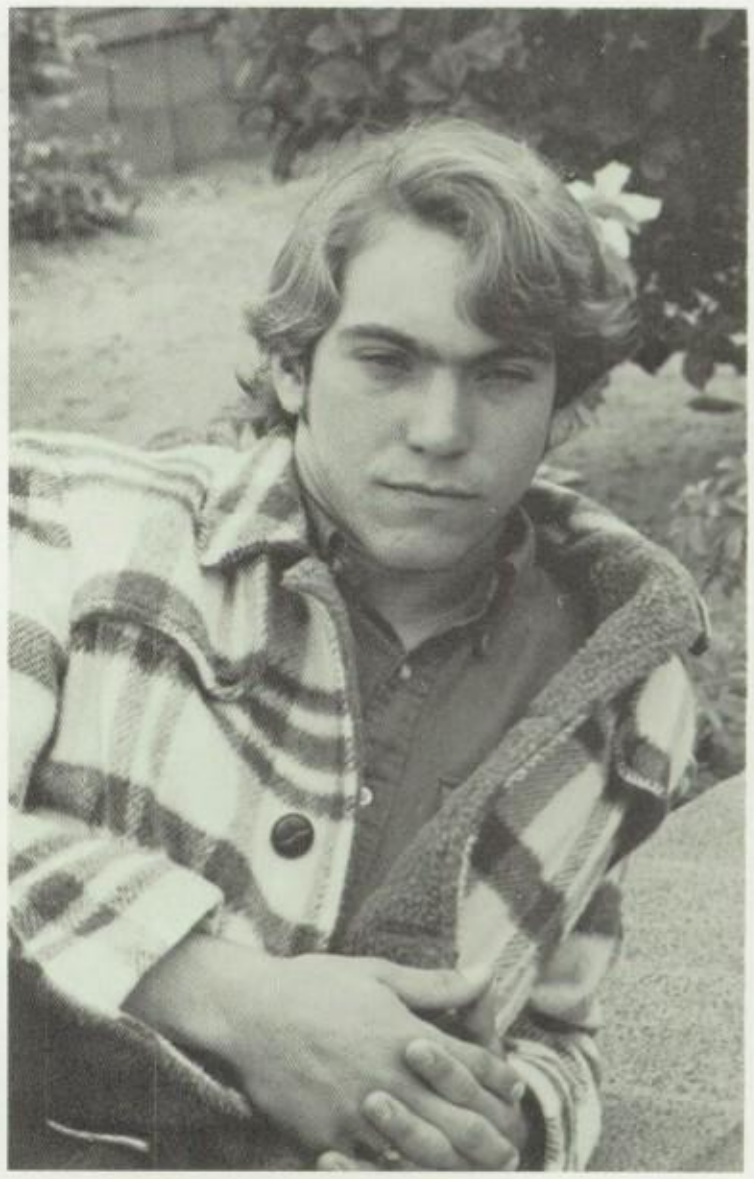


I lust
for happiness and peace
yet
I strike my brother down

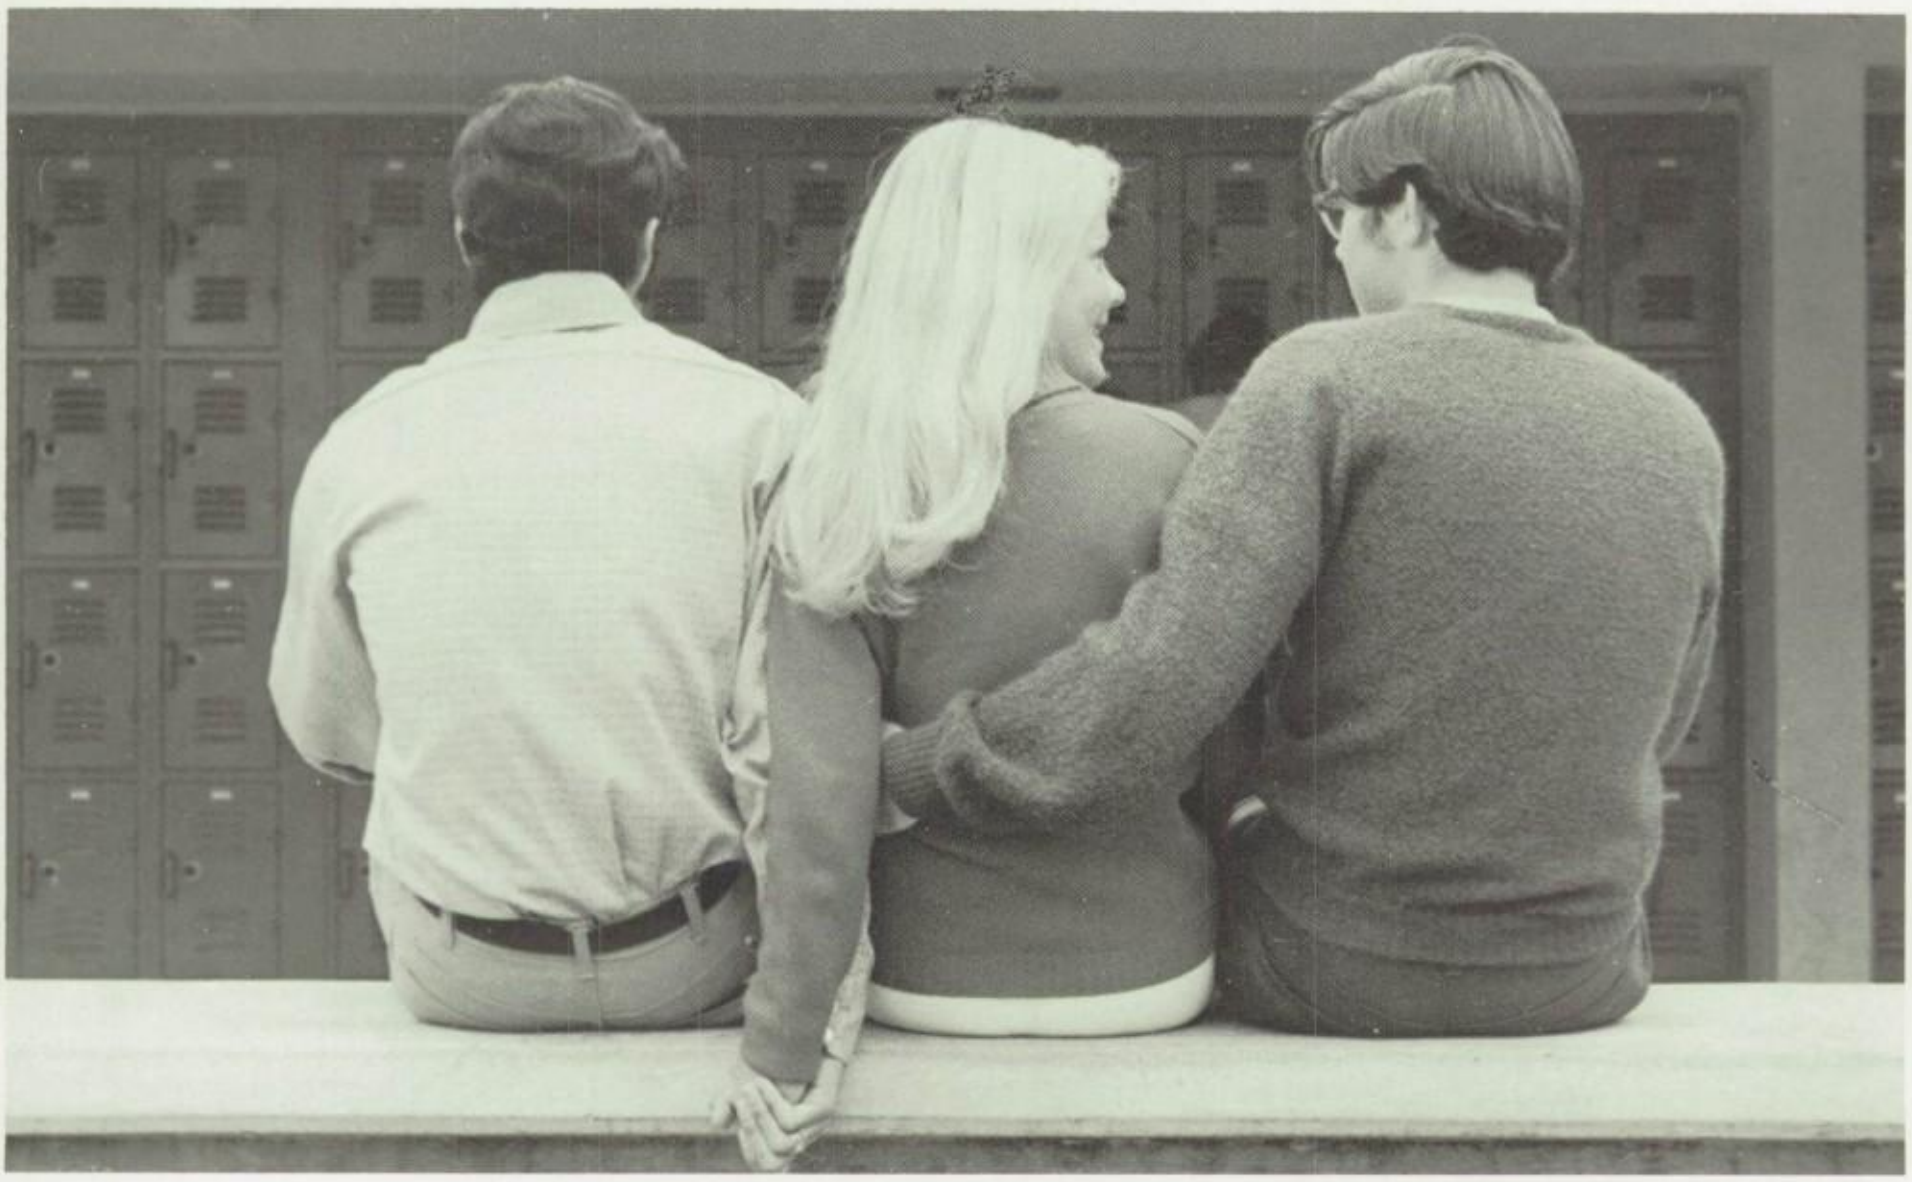


I want to be in
one of the crowd

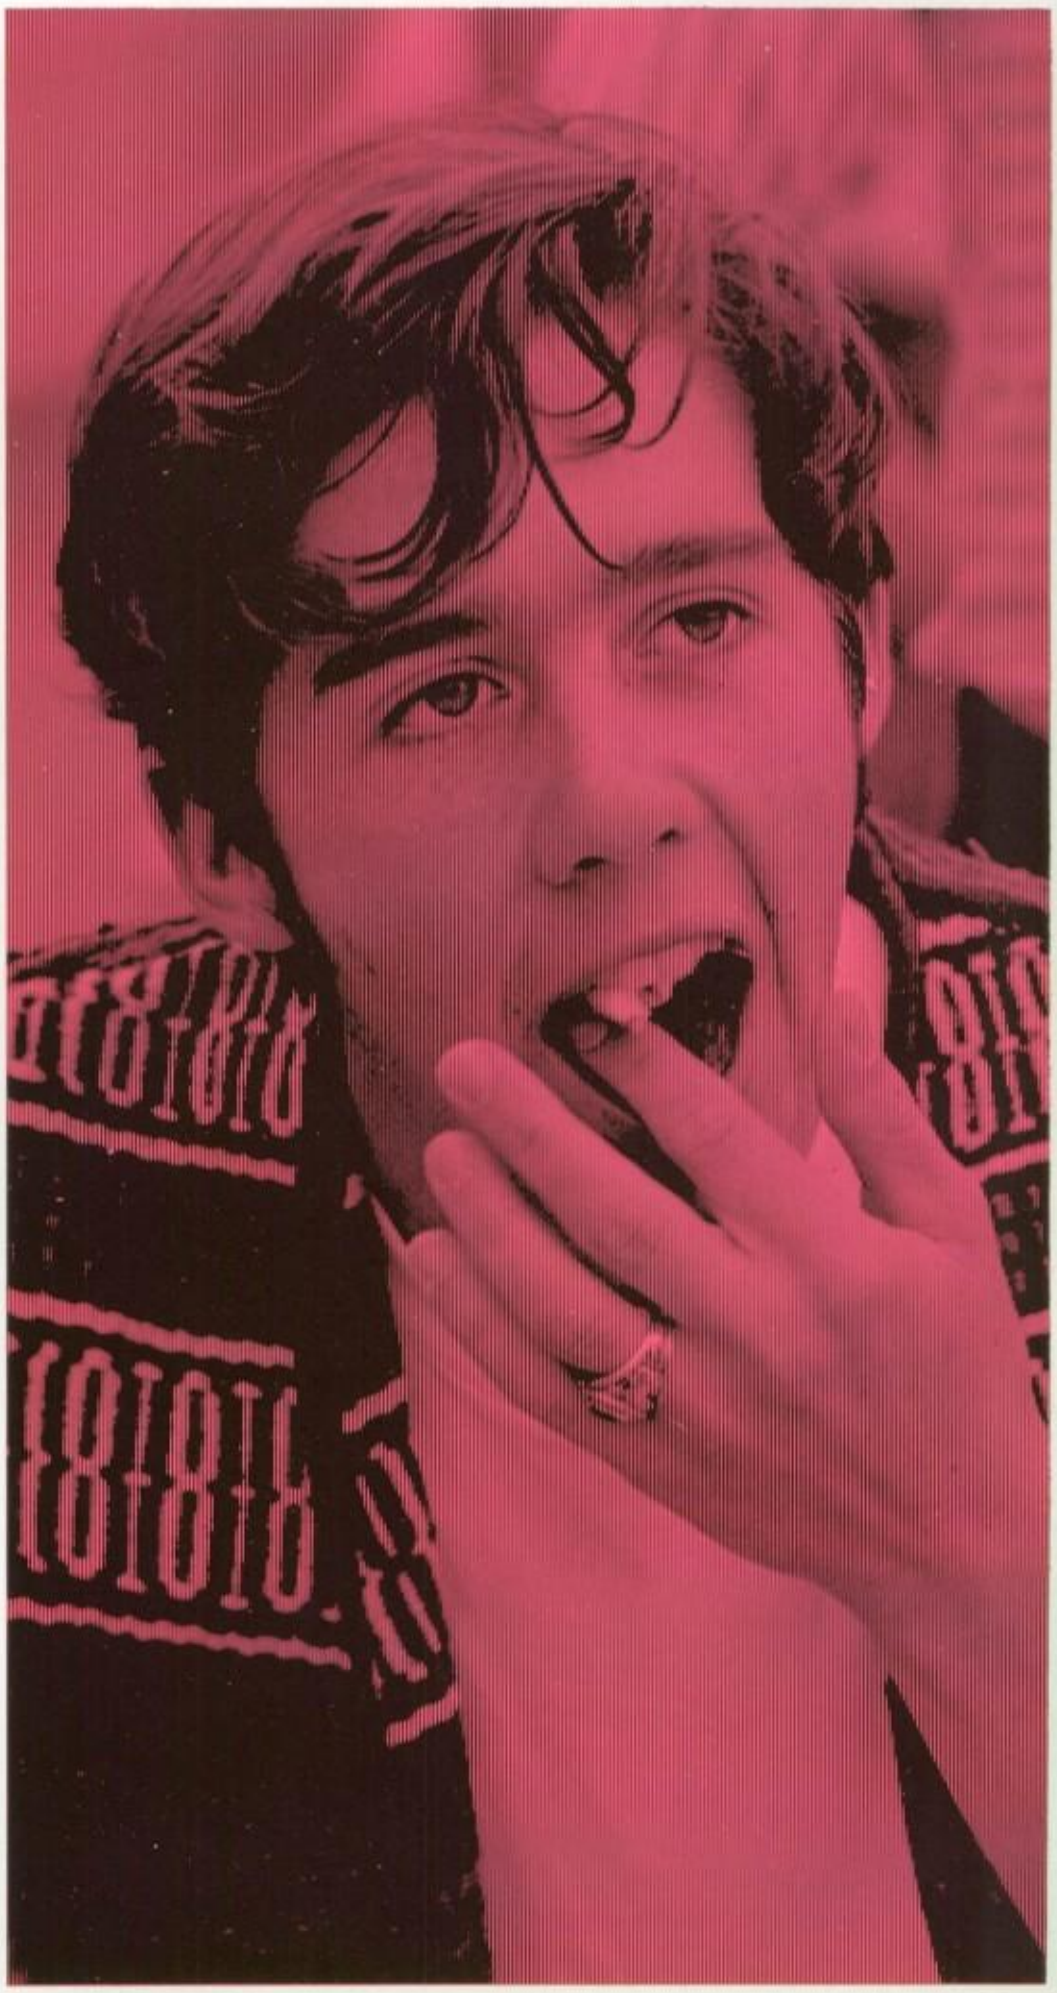
But, I want to be different,
A unique individual.

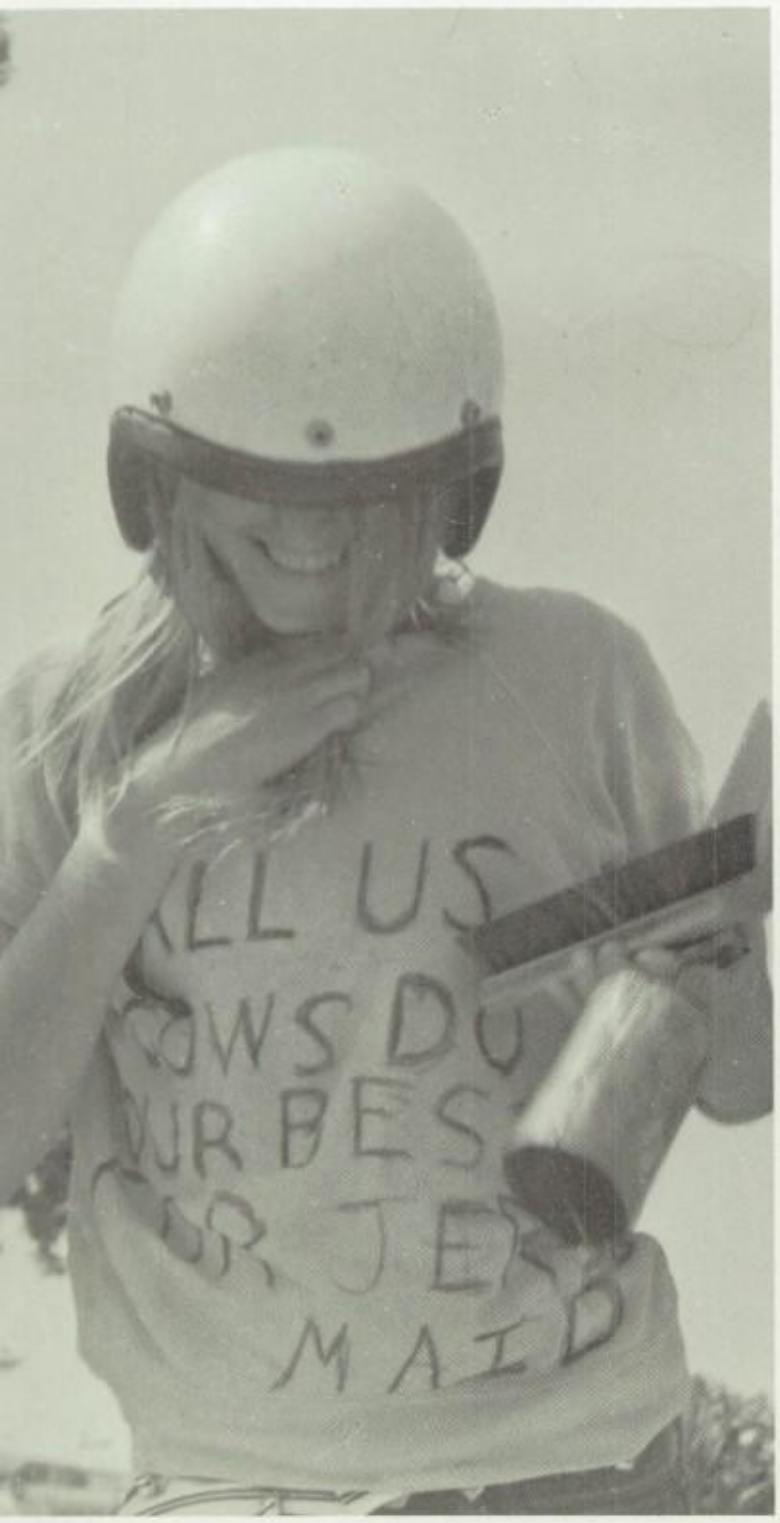


Pain! Hurt!
Only losers weep. Care
Life magnified . . . CARE.



I am superior
to all earthly creatures
I hate, I love
I create reality and truth
I AM



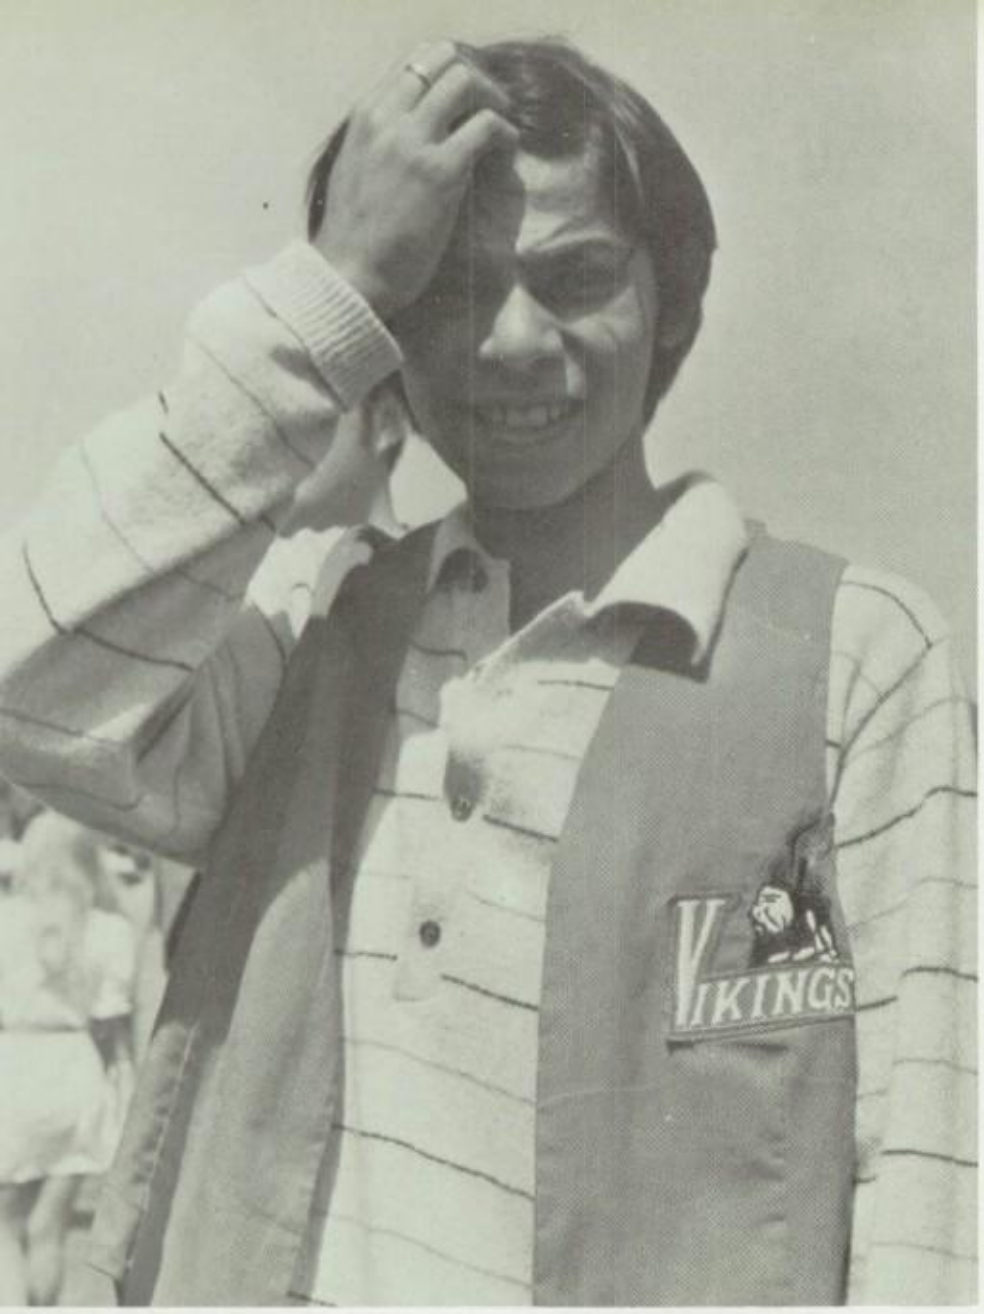


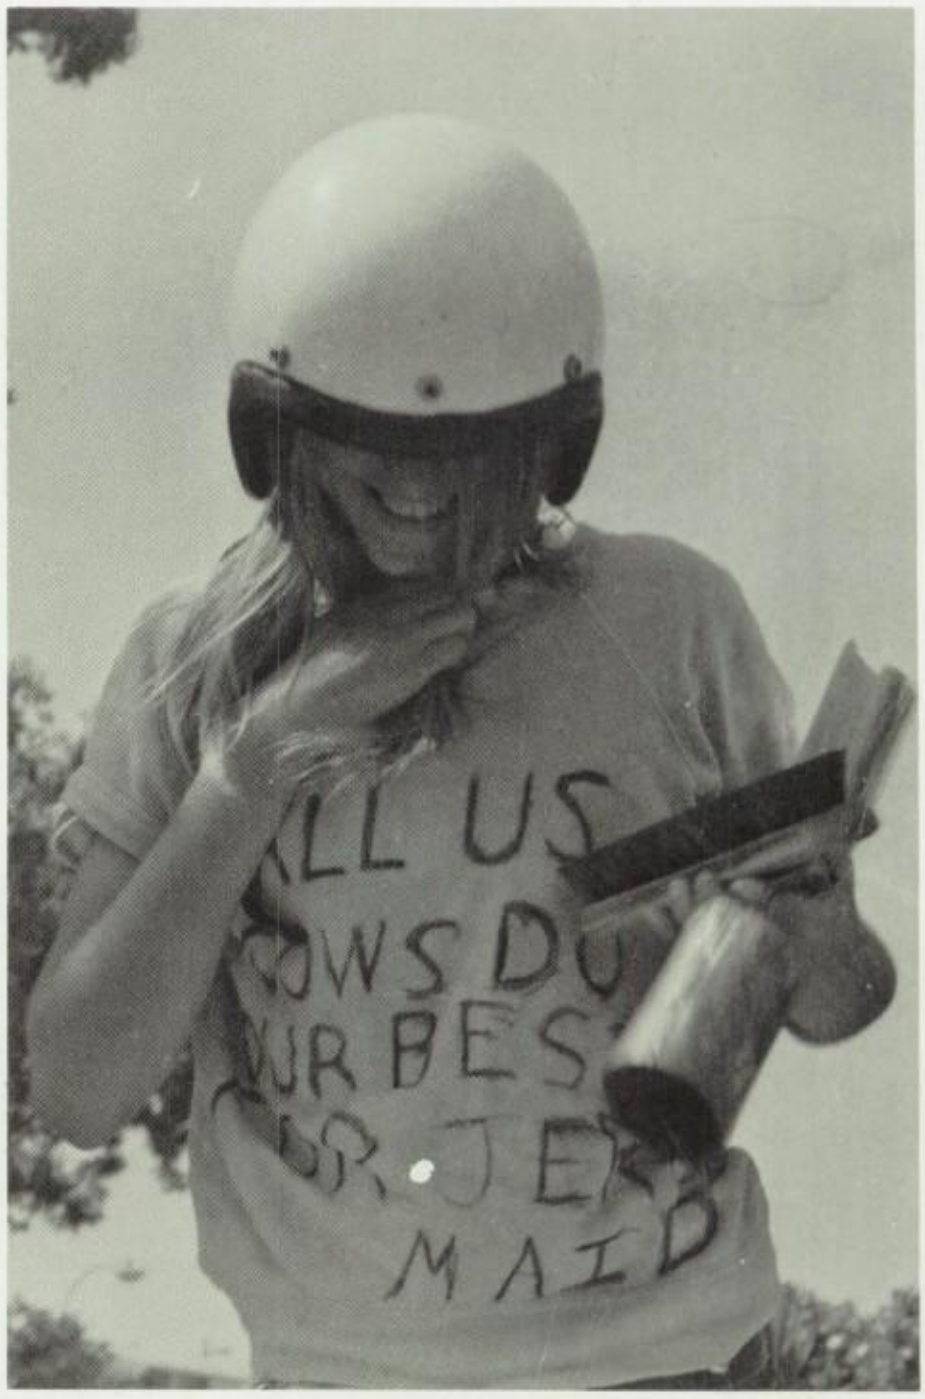
Oh, the games people play now! These same games man has played since the dawn of his arrival. Each of us wallowing in our own self-righteousness declaring what is right and what is an illusion. Trapped in this absurd world running wildly, frantically looking for the answers to what questions? Each person an "entity in himself" forming an impenetrable wall around himself in fear and mistrust of "aliens." If we could only convince ourselves that the essence of life is committing ourselves to other people—breaking down these barriers, trusting in one another, flying free together. Accepting people the way they are, caring, "getting it on peacefully", that is where it's at. Most important of all is just being able to accept each other and the games we play; if we can do that then we would realize this truly is a beautiful brave new world.

Activities

Serfs Succumb to Initiation

September 19 meant fun, "torture" and a menagerie of other terms to the students at Hueneme High. This day marked the culmination of three days of serf sales. Spirited Frosh were rounded up and herded to the auction ring to be sold to upperclassmen. On Friday the Viking quad was transformed into something which resembled a three-ring circus. Sophomores, Juniors and Seniors seeking revenge from their Freshman year, put slaves through many wild antics. Although at the time it was a hard moment to bear the enthusiastic Frosh came through the traditional initiation with flying colors.





Top Far Left: A "masked marvel" Frosh crawls for his master. Top Left: Mike Cabrera seems to have lost a prospective serf. Far Left: Soren Berg and Donna Owens get a free ride from a slave. Left: All Frosh slaves are buddies. Above: Serfs display many signs for their sires.

Girls' League sponsored its annual Sadie Hawkins Dance on October 17. Many "Daisy Maes" on campus chased their favorite "Lil' Abners" to invite them to the big dance in the Hueneme High "barn". Corn stalks and bales of hay were spread around the gym to temporarily turn it into "Dog Patch, U.S.A." Couples could do "foot-stompin' " to the music of "Casper Goodbody", take a little hitchin' trip to Marryin' Sam's or eat some homemade grits. The informal atmosphere lended well to the attitudes of the many couples in attendance.

"Crossroads" was the versatile theme that depicted Hueneme High's 1970 homecoming, October 30. The busy preparation of floats and plans for activities finally presented results for those people involved. Noon-time activities highlighted homecoming week and Linda Hernandez, Queen, added that extra sparkle to brighten the festivities. Topping off the celebration was a victory against the Camarillo Scorpions at the game on Friday. This time became a part of senior memories, while underclassmen anxiously look forward to Homecoming "71".

"Crystal Christmas" Takes Loss

Lack of interest and money dominated the atmosphere of the Christmas Formal "Crystal Christmas". Although much capital was invested in the production of the dance, cancellation of the event threatened. The quality was not closely met by the attendance.

Highlighting the evening was the presentation of Mr. and Mrs. Santa Claus; alias Dennis Carpenter and Shirley Thomas. Mrs. Claus received flowers and Mr. Claus was given a gift.

Perhaps with more co-operation and student enthusiasm, future dances will be more successful.

Spring Formal Sets Oriental Mood

Girls' League took the school gym, added crepe paper and other special touches to transform it into an Oriental garden. "Cherry Blossoms in Spring", this year's spring formal, was held February 6. Couples crossed the steps at the entrance and were immediately transported to another time and place.

During the evening Diane Prueter and Soren Berg, seniors, were announced as queen and king. Melody Rich and Jim Hendrickson, juniors; and Kate Sharpe and Richard O'Campo, sophomores, were princesses and princes.

The Oriental theme lent easily to the imagination and gave a unique atmosphere to the dance.

Left: Carol Skinner dances to the beat. Bottom: Bobby Hill's band creates mood music. Below: Holly Skinner seems to be having trouble pinning the crown on Diane Prueter's head.

"Will the assembly please come to order" This statement was heard through the muffling of voices at every assembly. Although the programs were both interesting and entertaining, the gatherings seemed a more appropriate time for talking to friends.

An experiment this year was the voluntary assembly. Students who were prepared to listen attended, while all others were free to leave. In this way the speaker was given the attention he deserved. Besides the noise level being cut down there was enough room for everyone to find a place to sit.

With the increased enrollment, control of assemblies will be harder. The voluntary assembly should be an eminent solution.

Talent Embodies "Jean Brodie"

As the falling curtain signalled the conclusion of the Junior Class Play "The Prime of Miss Jean Brodie", an overwhelming ovation resounded in the auditorium. Two long months of rehearsals and preparation culminated in two nights of performances. Hueneme's talented actors and actresses were displayed through the guises of characters.

Naomi Nobles, as Jean Brodie, depicted the emotional turmoil of a woman in her "prime". The Brodie girls, Linda Hernandez, Kathleen Wolfe, Connie Cook, and Susan Beal, portrayed the transformation from adolescence to adulthood.

With an aura of professionalism, the production left the audience and actors with fond memories.

March 17-20 marked the presentation of Hueneme High's musical. Set in the early 1900's when gambling was prominent, "Guys and Dolls" portraved the effect of "dolls" on the vice-ridden lives of their "guys." The theme evolved around the love existing between two couples. Adelaide, a night club singer, is out to hook Nathan Detroit, manager of a floating crap game. Sky Masterson falls in love with Sara, a crusader for the salvation of souls. Encompassing 100 members of the Fine Arts Department, the play is exemplary of the talent at Hueneme High School.

Attitudes Activate Campus Scenery

Multitudes of faces flood the campus of Hueneme High each day of the school year. Though they all seemingly flow together to form the Viking body, there is a uniqueness in each countenance. As seasons melt into one another, facial scenery reflects the emotional and intellectual transformations ever present. Each individual learns to adhere to the games of the masses.

"Point of Order!" sayeth cool McCool. "You're out of order, Mr. Chairman".

As the weeks progressed parliamentary procedure was embedded in the minds and souls of the students in the government class and "order" was soon established. With a backlog of paper work to do, the executive council, "The Voice of the Students" settled into their perspective positions; thus, forming one working body. The year was speckled with love from Butch Escalante's marquis messages and song radiating from the souls of Steve Fischell and Jim McCool. Throughout the year, various steps were taken to improve student spirit. Although not all the problems were solved, the council attempted to meet the most prominent needs of the students. Lathered with whip cream and Coke at the initiation picnic, the officers felt nostalgic, yet relieved that the year had finally come to a close.

Spirit Societies Spread Spirit

A substantial boost to spirit at Hueneme is provided by the Viking Spirit Association. These students banded together to decorate the goalposts for our football games. The carnations worn by the basketball players during the season were provided by this spirited club.

A journalism class was created on Campus this year and publication of the newspaper has been their class assignment. Through their efforts students enjoy reading Hueneme news.

As deadline loomed ominously ahead, the editors and staff of the **Voyage** quickly prepared material that had previously been set aside. Layouts had to be drawn and okayed. As copy was being "polished" for the third time and pictures were being misplaced the spirit of the crew seemed to balk. But deadlines always were met which kindled relief and fulfillment in the hearts of the Voyage Staff.

The California Scholarship Federation is a charter club open to students meeting the set scholastic requirements. For eighteen weeks students work on hours of homework in hopes of attaining the grades for the next semesters membership list. The fringe benefits of belonging to the club are two yearly all-day field trips to points of interest plus a popular movie.

German Club Exhibits Apathy

Normally, the members of the German Club try to mix fun with activities to reach a further understanding of Germany's people. However, this year their enthusiasm balked. They resumed the attitude which warranted the label, "Do Nothing Club," two years ago.

Above: Row 1—Ed Miller, Karen Evans, Annelie Greaney, Myrna Summers, Hannelore Greaney, Nyra Summers, Olby Spann, Louis Reichwein, Bruce Jensen; Row 2—Steven Cox, Jess Cook, Gudrun Nassett, Carla Robb, Beverly Marine, Becky Gohrband, Bernard James, Paul Nelson, Mr. Walton; Row 3—Bill Hart, Raymond O'Connel, Mark Schiallheim, Joe Fike, Jerry Summers, Leonard Montelongo, John Johnson, Mike Vollmert, Sam Clark, Mike Harrison, Ywe Nassutt. French Club Encourages Activities

French Club is composed of students with a common interest in France—its culture and its language. This organization seems to be rolling in the money with all the sales they had this past year. Sucker sales, a bake sale, a hot chocolate and doughnut sale, they even sold mums at the Home Coming Game. They used some of their vast wealth by participating in the Camarillo Christmas Party and they had a progressive dinner.

Clubs Promote Responsibilty

For the first time in four years the Spanish Club is not planning their annual excursion to Mexico. The Members hope to replenish the club funds in preparation for next year's trip.

Many students have the Distributive Education Club of America to thank for finding them a job and training them for the working world. Two delegates were sent to the DECA Leadership Conference in Long Beach. Other activities include popcorn sales, bake sales and participating in the Camarillo Children's Christmas Party.

Lettermen Boost Stadium Project

The Sword and Shield Club consists of those Varsity Athletes who qualify for a Varsity letter. The purpose of the Club is to promote the interests of athletics, scholarship among athletes, sportsmanship and fraternal good will in service to the students of Hueneme High School.

Clubs Bridge Communication Gap

With the Drama Club, the technical aspects of "Prime of Miss Jean Brodie" and "Guys and Dolls" were worked out with efficiency. The club contributed time and effort on various other productions throughout the year.

Under the leadership of Mrs. Alice Knutson, the Forensic Association strives to give students an opportunity for speech participation in tournaments, contests, and debates which are held approximately every three weeks.

Communication through flowing movements and facial expressions conveys the theme of modern dance. These talented girls practice for many hours to perfect their graceful movements. Modern Dance delighted the audience at "back to school night" with an interesting presentation of their dancing talents.

Paivi Grooves on the American Way

The American Field Service desires to foster through involvement, the exchange students' understanding of the United States—its people, educational system, customs, and ideals. It also hopes the A.F.S. student, Paivi Pajari, will share an understanding of her own country with her American friends while she is here. Paivi is from Finland and is staying with the Mytinger family. The club decorated an 8 ft. Christmas Tree with the Mexican theme in competition with other schools at the Esplanade Shopping Center.

It offers a new experience to Hueneme this year by hosting a different exchange student each month to better acquaint us with the life style in many different countries.

Students Prepare for Tomorrow

The goals of the Future Secretaries Association are to obtain a better understanding of the potentials of a secretarial career by encouraging an interest and knowledge of skills. FSA is a small segment of the National Secretaries Association.

Tomorrows teachers will have to be determined, sincere, and brave. They acquire some of these qualities through their participation in the Future Teachers Association. They gain actual teaching experience, by spending one day each semester at an elementary or secondary school. Some members attend the annual conference at U.S.C., especially for Future Teachers. Club meetings are highlighted by speakers.

Throughout the year Future Homemakers assisted the P.T.A. and helped out fellow clubs with football concessions. They made Christmas decorations for the Pleasant Valley Rehabilitation Center and enjoy exciting field trips each semester.

Service Clubs Promote Initiative

The Motto "We Maintain" rather than "We Build" is more befitting of the HHS Key Clubbers. This club more than deserved its title of "Club of the First Quarter". These young men ushered for "Back to School Night", presented flowers to the Homecoming queen and princesses, and held numerous sales during the months to make money for their projects.

Interact, a service club at Hueneme, works in conjunction with Rotary International in assisting in school and community projects. An important event in the years activities is the traditional Interact-Key Club Bowling Tournament.

Vocational Industrial Club of America is a club consisting of students in the industrial classes who are interested in leadership. Representatives attended a State conference in Compton in November. In May they attended the state convention at Cerritos College in the L.A. Area.

Students Aid Local Hospitals

Those needle-poking bandage wrapping enthusiasts of HHS have been very busy selling hot chocolate and doughnuts, suckers, and ice cream. Members got into the ecology movement by picking up trash on the campus during lunch for a week. They planned two field trips to Camarillo State Hospital and Queen of Angels in Los Angeles. Several members work at local hospitals during the week.

Young Adults Strive to Save Environment

In an earnest attempt to salvage our beautiful earth, the Ecology Club was formed. One of their activities was an aluminum can drive.

A very active club, Future Business Leaders of America, submitted a car float in the Homecoming parade, which placed second. They attended the Southern Section Leadership Conference and sent representatives to the "Girl Power" meeting.

Girls Activate Campus

Girls League got off to a good start this year by sponsoring the Sadie Hawkins dance. They also hosted the Sweetheart Dance. These girls were instrumental in planning the Camarillo State Hospital Children's Christmas Party. They worked many hours to make this party a success.

Members of the Cabinet selected Paula Thorpe to be "Girl of the 1st Quarter". She was chosen on the basis of her contributions to the school.

Professionalism in 'Carmina Burana'

A very active group on campus is the Concert Choir. Under the direction of Mr. George Hamm, the Choir is a tremendous asset to HHS. It is perhaps the best in the tri-county. Four of the members—Paul Campbell, Brad Ross, Steve Bifano and Debbie Anderson qualified in stiff competition for Honor Choir.

Throughout the year these devoted songsters practice many hours in preparation for concerts. Their main Christmas Concert, in which they presented "the Magnificat" by Johann Sebastian Bach, exhibited the control and balance they have achieved through practice. "Carmina Burana", their Spring Concert, further displayed their talents. Various members composed the chorus of the Senior Class play, "Guys and Dolls". Throughout the year this group adds joy to the lives of youngsters by performing at schools and various other locations.

Musicians Rock With the Times

Girls Glee normally accompanies the Concert Choir in their performances. These girls work hard and hope to qualify for the Concert Choir.

Fife and Drum is an honorary club composed of Band and Choir lettermen. Each member has worked hard in order to receive his particular letter in music.

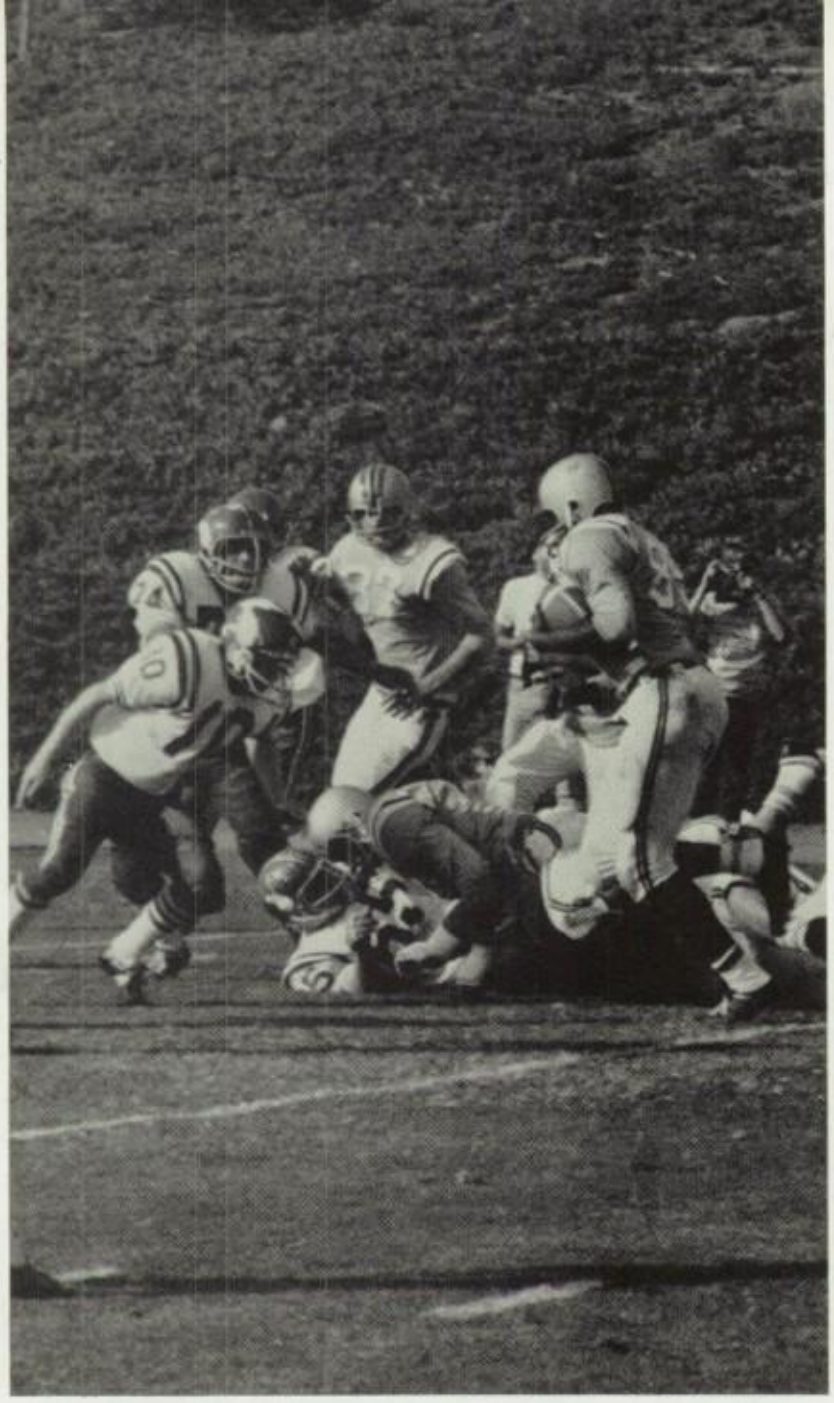
Varsity Struggles for Victories



Playing the toughest season schedule in Viking history, the Varsity football squad displayed talent in all phases of the game. Although only compiling a 4-5 overall record, the team combined their traditional lead, dive, and smash plays to overpower one of the all time prep grid aces—the Los Angeles Romans. In Channel League competition the Vikings finished a respectable third place with a 3-2 record losing to league champions, Buena and Santa Barbara.

Soon after the season ended the Channel League coaches got together and selected the All-Channel League teams. Vikings on these teams included Danny Garcia, Robert Hanks, Danny Marple, Greg Smith, Carl Pinkard, and Richard Bondurant.

Junior Varsity Captures Third Straight Crown

For the third year in a row the JV team finished with a league crown. With Coach Leon Trotter at the helm, and Coach Paul Petrich as his "first mate" this group more than accomplished their main goal—to provide experienced, hard-hitting, and fundamentally sound players for the Varsity squad. With outstanding backs in William McIntyre, Danny Thomas, and Randy Marple and ferocious linemen in Alan Lueders and Gary Fogelsong, next year's Vikings should prosper greatly.

Frosh Conquer Opponents

"Defense" is the word that defines this year's freshman gridders. Not only did they embarrass their opponents offensively, but also the Frosh defensive front five and secondary held the opposite teams to mere yardage gains and few first downs. This year's team standouts were Ron Vargas, most valuable player, Wade Harter and Tom O'Brien, most valuable linemen, and Mike Colton, outstanding defensive player.

Viking Cagers Produce Awe Inspiring Moments

Although not outstanding in the basic fundamentals of the game, this year's hoopsters managed to salvage several exciting moments, and hope for next year. Hueneme's first victory came as the team combined wit with hustle to whip Rio Mesa. Hysterics and laughter filled the gym while the floor was flooded with well-wishers. As the season ended the Vikings continued to look toward the future. With returning lettermen in Joe Davis, Barry Wofford, and Kevin Wolf, next year could be more successful.

J. V. and "B" Teams Pursue Higher Competition

The J.V. team, led by Brad Ludy, Val Lucio, and Richard O'Campo compiled a respectable 11-12 record. In preparation for next year's varsity team, the J.V.'s played numerous games, including several varsity teams from other schools. Their proficiency was exemplified when they were victorious over the varsity teams from other schools. Coach Buck expects a better varsity team in '72.

Coached by Mr. Harbour, the "B" team rallied to a 7-14 record. Although their record did not shine, such players as Bill Barnette, Gary Green, and Tom Lee showed promise of future prowess.

C's Reign as Channel League Champs

Supported by fine hustle and individual effort, this year's C team took the league basketball title, the first in the history of the school. Coach Lane attributed this team's success to a pressure "man to man defense" and a superior desire as a team to win. Leading the C attack were George Thompson, Dewayne Stephens, Ernie Ortega, and Dan Gedies.

Ending with an excellent 9-3 record, Coach John Meyer attributed the Freshman team's greatness to several outstanding players. With the leadership of Scott Grieve, the exceptional jumping ability of John Parker, and the good all-round playing of Marty Brito, the Frosh really have something to be proud of.

Viking Matmen Roll Their Opponents

"Shoot the half", "break him down", and "quit stalling" were only a few of the audible sounds heard as this year's wrestling team again proved to their opponents that they had what it takes. Under the superior coaching of Bill Wright and Bill Correll both the Varsity and J.V. teams portrayed strength and mobility in each and every weight class. Losing only to Camarillo, the Viking matmen took second while sending several team members to CIF competition. This year's Varsity standouts include: Mark Hopkins, Butch Escalante, Manual Estrada, and Jim Ogle.

Varsity Combines Power With Speed

Measuring up to last year's Varsity baseball team, the '71 batmen show potential in surpassing last year's records. With the outstanding performances of Carl Pinkard, Danny Garcia, Danny Marple, and Joe Davis victory in league play seems inevitable. In pre-season play, the Vikings defeated non-dash league powers, such as: Righetti 12-8, 9-1, Dominguez 10-2, Hart 6-1 and Alemany 7-4. They lost to Milikan of Compton 4-3 and Lompoc 5-1, last year's 3A CIF champions.

J. V. and Frosh Build for Future

Hindered by their lack of experience, the J.V. team is comprised of mainly freshmen. With rigid practices and much rebuilding, Coaches Jerry Tackett and Reg Welker hope for good season. Unfortunately, the J.V.'s lost their first four pre-season decisions before beating Alemany. The scores were Dominguez (15-3), Milikin (10-4), Hart (10-7), Lompoc (5-3), and Alemany (2-1).

Leather Lungers Display Stamina and Courage

The Varsity Cross Country Team, plagued by lack of leadership and experience, performed outstandingly this year. Although there were no seniors on the team they earned a league record of 2-3. Outstanding runners were John Bradford and Michel Williams. John, a junior, is a CIF qualifier and the second fastest runner in the Channel league. Michel, a sophomore, is the third fastest runner in the league. Coach Jack Morgan expects an outstanding team next year with all varsity lettermen returning. The Soph-Frosh team placed second in the Channel league earning a record of 4-1 while the J.V. squad earned a record of 2-3. Under the direction of coach Morgan H.H.S. can expect excellent cross country teams in the future.

Hueneme Applauds Trackmen

An exciting season is ahead for Hueneme's Varsity track team. With Santa Barbara as the dominant team in the Channel League, Coach Morgan expects a three way battle for second place between Camarillo, Buena, and Hueneme. Our team's strongest events are sprints, relays, shot put and distance races. With this arsenal, second place in the Channel League is within our grasp.

Just as thrilling and exciting as the A's, Hueneme's B's and C's are making their impression in this season's competition. Both of these are strong in field events and display a large quantity of aggressiveness.

Golf and Tennis Teams Foresee Winning Season

Under the brilliant coaching of Lou Rada, the '71 Viking golf team promises lower scores. This year's team leaders include Bryan Keuler and John Ford, two of the finest golfers ever to attend this school.

The Viking tennis team has its own goals in mind. Coach Gerry Rinehart, in speaking at a rally, said his team's success depends on how his two best players, Paul Moranda and Hank Beal, fared in league competition.

The Girls' Athletic Association is the counterpart to the school's athletic involvement. On a rotating basis, tournaments of volleyball, basketball, and softball are scheduled among the high schools in Ventura County. Practice for these sports are held on Mondays. Spirited Pep Squad Wins at Redlands

Adding to the outstanding year of '71 were ten energetic girls under the title of "pep squad". With four cheerleaders, five songleaders, and a mascot, the squad radiated spirit and sportsmanship among their fellow Vikings. Many long, hard hours were spent during the summer and after school to achieve perfection. But just seeing the appreciation of the teams, was enough to keep smiles on their faces and energy in their souls. Both squads attended camp at Redlands University during the summer where they received "spirit sticks". The songleaders received 1st place trophy in final competition. Proud of being members of the "Viking Pep Squad", all of these girls enjoy their memorable experiences at camp and during the year.

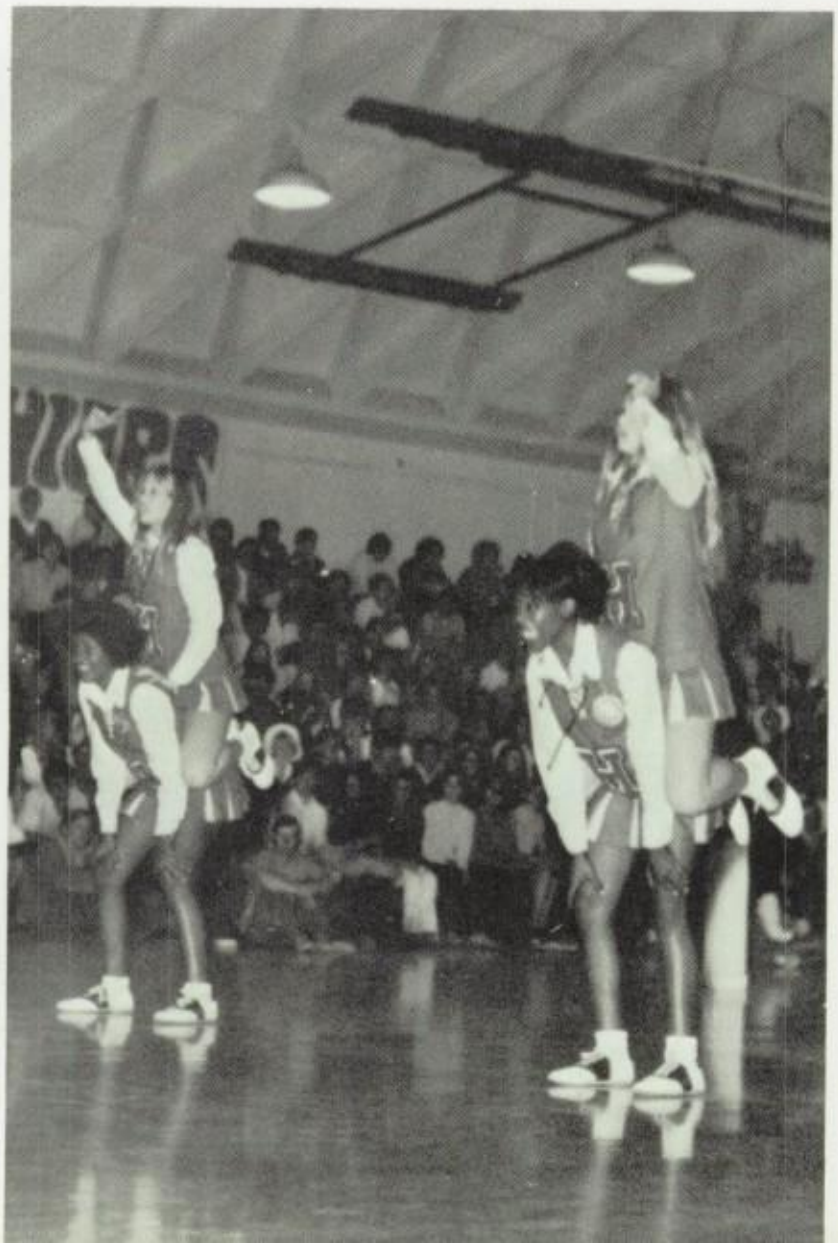
Underclassmen Receive Excellent Spirit Representation



Of course, no school activity would be complete without the Freshman and Cheerleaders on the scene. Effectively encouraging spirit, the squads were able to give their respective classes the honor of winning the class competition yells. Outstanding performances and leadership highlighted sports events. Much thanks is awarded to these girls who, through hard practice, successfully accomplished their objectives.

Faced with the problem of offering the best possible education with the available money and tactfully administering to the personalities of faculty and students, is the task of the executive officials. This responsibility lies heaviest on the shoulders of the District Board. They control the budget, policies, and curriculum of every school.

At the bow of the Viking ship stands Mr. Seilder, now a one year veteran at HHS. Together with the new vice-principals and attendance officer, Mr. Seilder bears the burden of retaining order on campus, disciplining the students and teachers, and aiding the students and teachers in personal matters. At times they are thought to be "ogres," but when personal conflicts subsides we realize they are people much like ourselves.

Search for Truth Continues

In our world of changing lives nothing can afford to be stagnant, especially education. To keep up with this change, the English Department at HHS offers to the upper-classmen several new courses of study, among which are: Mythology, Science Fiction, and Tragedy.

Where is our world going? First, we must learn where it has been. This is the focal point of the History Department at HHS. With the offering of new courses, students are better able to understand the contemporary world in which they live.

Self Fullfillment Blossoms

Although separate departments, the Industrial Arts and Home Economics Departments have common goals. Both attempt to instill the mechanical techniques necessary for the creative talent. Home Economics teaches the student to prepare delicious, dietetic foods and to create her own wardrobe. Industrial Arts teaches the student to utilize his talents practically.

Understanding Improves

Understanding one's neighbor aids the individual in understanding himself. The Foreign Language Department offers Spanish, French and German classes.

Primarily, the Business Department offers an array of courses encompassing typing, shorthand, general business, and data processing.

Battling the onslaught of this mechanized world whose offspring are softies, is the Physical Education Department. A wide spectrum of sports, including football, basketball, volleyball, badminton, swimming, and bowling are provided.

Infinite Mysteries Pondered

Electrons, neurons, algebraic equations, cosmic rays—these and other fascinating phenomena are probed in the Math and Science Departments. An array of interesting courses are offered through these departments. They range from Algebra 1 through Calculus, and from Everyday Science to Physics. Each aids the student in his perpetual search for identity.

Art Department Encourages Soul Searching

As triangles, circles, lines, squares, illuminated in variating degrees of red, yellow, blue, green and purple take form, the individual sees himself reflected in his work. Communication is his "bag". Expressing his deepest feelings is his primary goal and the fulfillment of this project is overwhelming. Whether arranging notes or colors the effect is the same. Through the Fine Arts Department each student is instructed in color design and music harmony. An outlet for creativity and communication is provided, however, not instilled.

Counselors Try Harder

Hueneme's counselors and secretaries strive to assist students academically and socially and to maintain cheerful relationships. Aiding students with their curriculum and career plans the counselors help the students to look towards the future. In order to complete the mounds of paper work to be done, the secretaries labor long after school has let out. A special thanks is extended to the counselors and secretaries for their unselfish work to aid the students and administration.

Personnel Maintains Campus

As sure as the sun sets in the west pure confusion would rule if each and every campus crew was not on full alert. These important people labor ardently each day to provide the students of Hueneme the necessities for a proper education. Plagued by piles of garbage, injured or sick students, and hungry mouths, the various staffs always came through.

We've Only Just Begun

Focus. Another year—a moment's reflection, has come and gone, yet, we've only just begun. Unlike the past three years, this is the year we graduate into the adult world. We have weathered the bombardment of exams, pink slips, intolerable teachers and all the other pressures correlating with high school. Victories, as well as defeats, have pock-marked these past four years. As frosh, we relished the traditional anxiety and diversity of high school. However, as upperclassmen we settled down into the routine of school. Slowly, the diversity and anxiety transformed to redundancy and apathy. Finally, our preparations for adulthood have come to a climax. It is time to play our own games. We will make mistakes, but in time, we will learn. We've only just begun.

Intellectuals Set Top Goals

After four years of hard work, ten students achieved a ranking of top 2%. Each excelled above and beyond the norms of high school. One of these individuals, Bruce Kuhse, qualified as a National Merit Finalist—a truly great honor! Several students received Bank of America awards and Certificates for specializing in various fields. Hueneme High salutes these outstanding students.

Seniors Anticipate Graduation

As "senioritis" settles in, studies are neglected and thoughts of the long-awaited graduation permeate our minds. Through the anxiety of ditch day and the Prom, we, almighty Seniors, battle the fatigue of books, papers, and exams. Upon the arrival of graduation, reflections of victorious football games, cafeteria food, frosh enslavement and friendships form fond memories. As each name is called, each individual saunters up to the podium to receive his diploma. A swell of pride overwhelms us as the final refrain of the "Alma Mater", "Hueneme we're for you", resounds in the caverns of our minds.

I do my thing
And you do your thing.
I am not in this world
to live up to your
expectations, and
You are not in this world
to live up to mine.
You are you and I am I,
And if by chance we find
each other,
it's beautiful.
If we don't
it can't be helped.

Juniors Indicate Successful Future

Success scourged the events of the Junior class. Under the leadership of Brian Shaw, the Juniors added a spark of ingenuity to Homecoming with their first place float. To the enjoyment of all, they presented the academy award winning play, "Prime of Miss Jean Brodie". With much enthusiasm and effort, the Juniors sponsored the gala Prom in the spring of the year. By handling the responsibilities of upperclassmen, the Juniors have expanded their horizon of understanding and maturity.

Sophomores Survive Jungle

Surviving the turmoil of the first year at Hueneme, the Sophomores graduated to the position of upperclassmen. Continuing the frustrating search for oneself amid the bombardment of waxen images, the Class of '73 hurled itself into the mechanized wheels of campus life. Tension mounted in each individual as papers were due and exams took their toll. Under the leadership of Joe Brown, the class constructed a third place float in the Homecoming procession. Conforming to the usual methods of fund raising, several popcorn and candy sales were held. Sophomores broadened their understanding and fulfillment of life by engaging in sports, noontime events, and various other extracurricular activities. As future seniors the sophomores show promise in their spirit and outlook on life.

The Future Is in Eggs

Anxiety and apprehension surge through the class of '74. Faced with the burden of finding oneself the onslaught of new ideas and rules, the Freshmen assumed their roles as subordinates. Though it seemed an unbearable affliction, the Frosh survived serfdom. As the diversity of high school subsided, the Freshmen blended into the general student body. It is hopeful the leaders of this class will arise to meet the ever surmounting educational needs of the future.
